

# Professor André Briend

Inaugural seminar:

“Childhood malnutrition – successes and challenges”

Friday October 10, 2014

Festauditoriet, University of Copenhagen

Frederiksberg Campus, Bülowsvej 17

A seminar is held to mark the appointment of André Briend as Affiliated Professor in Child Nutrition at the Department of Nutrition, Exercise and Sports, University of Copenhagen.

André Briend has more than 30 years of experience in paediatric nutrition research in low-income countries, with particular focus on the physiology and treatment of children with severe acute malnutrition. He played a key role in the development of Ready-To-Use Therapeutic Food, which have had a dramatic impact on the way children with severe acute malnutrition are managed today.

## Program:

- 13.00 – 13.10: Introduction and welcome, by Professor **Kim Fleischer Michaelsen**, University of Copenhagen
- 13.10 – 13.55: “Severe Acute Malnutrition – successes and challenges”, by Professor **André Briend**
- 14.00 – 14.45: “Malnutrition in an evolutionary perspective”, by Professor **Jonathan Wells**, UCL Institute of Child Health, London
- 14.45 – 15.00: Questions and discussion

After the seminar, a reception will be held.

All interested persons are invited to attend.
