

Wednesday, 14th October 2015 - 8.30 to 9.30 hrs Iran Room (building B first floor)

CFS42 Side Event

Investments for a Healthy Food System

Implementing the ICN2 Framework for Action

Funded by the German Government

The ICN2 Framework for Action encourages Member States to increase investments for effective interventions to improve people's diets and nutrition. This symposium, organized by the UN System Standing Committee on Nutrition [UNSCN] (www.unscn.org) will present current work and country experience where investments in actions along the agriculture and food value chain can provide nutrition-sensitive outcomes for more diverse and healthy diets. Policy tools for achieving healthy diets within the different type of food systems will be discussed.

*Light breakfast will be served from 8.00 – 8.30 hrs outside the Iran Room
Interpretation Service will be available in English, French, Spanish and Portuguese*
