

Chief Executive Officer

About Emergency Nutrition Network (ENN)

ENN's vision is that every individual caught up in a nutritional emergency, or suffering from malnutrition anywhere in the world, gets the most effective help possible. ENN undertakes knowledge management, research and advocacy to support national governments, civil society, UN, donor and academic organisations. Through these collaborations we support agencies to implement evidence-based nutrition programming, predominantly in low- and middle-income countries and in fragile and conflict affected states.

ENN is a well-established and highly respected UK-based, registered charity (founded in 1996) working to reduce undernutrition globally. ENN is governed by a Board of Trustees and has its head office in Oxfordshire, UK. ENN is financially supported by foundations and trusts, bilateral donors, international non- governmental organisations and United Nations agencies.

Why work for ENN?

This is an exciting opportunity to be ENN's first Chief Executive Officer (CEO). To date, ENN has been led by a management team of peers who have held the vision, given technical direction and had day to day responsibility for running the organisation. Both the Board and the Management Team believe that, as we begin the next strategic review, we are now of a size and complexity which will benefit from the leadership of a CEO role. You will have the unique opportunity to lead a team of dedicated and highly effective people and to shape the future of ENN, building on the strong foundation and respect which it has established across the sector.
